

Color. Cut out clock circle. Use arrows as patterns to cut 2 clock hands out of construction paper. Mount clock onto bottom side of 9" paper plate. Punch hole in hands and in center of clock, where indicated. Fasten hands to clock with paper fastener. Move a hand around the clock, pointing it to each picture as you say the corresponding words.

As you go through your day, remember, "whatever you do" all day long (as the hands circle the clock), "do it all for the glory of God."
