

Cut out the review cards on the following pages; stack the verses you have learned, face down. Place game pieces on START. (Use coins, or pieces from another game.) The youngest goes first. Have player to the left (or someone who can read) pick up the top card and say the reference, (and the first 1-3 words if you haven't worked on references). Recite the verse, with player on left checking card for accuracy. Roll a number cube. If the verse was said correctly, move game piece forward the number of spaces on the number cube; if the verse was not completed correctly, move game piece backwards the number of spaces of the number cube (or, if on START, remain there). If you land on a space with special instructions, follow the instructions. Discard. Proceed with next player. First player to land on FINISH wins!

		 No Parking! Move back 2 spaces.			 Car trouble. Lose 1 turn.	
--	--	--	--	--	--	--

	 Ride forward 2 spaces.					 Fly ahead 3 spaces.
--	---	--	--	--	--	--

 Handicapped Parking! Move back 1 space.			 Danger! Move back 2 spaces.			 Fly ahead 4 spaces.
